

Yani's Wish

Yani

Yani's Wish is that every young person has the resources to achieve their goals.

- ◇ Yani is a unique 15 year old teenager who lives in Adelaide
- ◇ Prior to Christmas 2008, Yani took stock of our materialistic world and decided that rather than receiving gifts, she wanted to help out those less fortunate than herself.
- ◇ After discussions with her family, it was decided that 'Charity begins at home' and they would seek out an organisation in Adelaide whose services matched Yani's vision
- ◇ The organisation they chose is Northern Area Community & Youth Services Inc (NACYS)
- ◇ NACYS services the Northern suburbs of Adelaide and exists to meet the needs of the most vulnerable, at risk and disadvantaged members of our community.
- ◇ From her allowance, Yani contributes \$10 a week to NACYS
- ◇ This donation will allow young people to overcome what seems to them, as insurmountable barriers to achievement, such as a smart shirt for a job interview or a bus ticket to attend the interview.
- ◇ Having seen the difference this resource can make to a young persons life, Yani now aims to encourage the Adelaide Community to join in making a difference.

"Before you look across the sea, look across your fence"
